

## Markus, Wizard 5 – Spells in Spellbook

### Alarm Human,Wizard 1

**School:** Abjuration (ritual)  
**Components:** V, S, M (a tiny bell and a piece of fine silver wire)  
**Casting Time:** 1 minute  
**Range:** 30 feet  
**Duration:** 8 hours

You set an alarm against unwanted intrusion. Choose a door, a window, or an area within range that is no larger than a 20 foot cube. Until the spell ends, an alarm alerts you whenever a Tiny or larger creature touches or enters the warded area. When you cast the spell, you can designate creatures that won't set off the alarm. You also choose whether the alarm is mental or audible.

A mental alarm alerts you with a ping in your mind if you are within 1 mile of the warded area. This ping awakens you if you are sleeping.

An audible alarm produces the sound of a hand bell for 10 seconds within 60 feet.

### Fog Cloud Human,Wizard 1

**School:** Conjuration  
**Components:** V, S  
**Casting Time:** 1 action  
**Range:** 120 feet  
**Duration:** Concentration, up to 1 hour

You create a 20 foot radius sphere of fog centered on a point within range. The sphere spreads around corners, and its area is heavily obscured. It lasts for the duration or until a wind of moderate or greater speed (at least 10 miles per hour) disperses it.

**At Higher Levels.** When you cast this spell using a spell slot of 2nd level or higher, the radius of the fog increases by 20 feet for each slot level above 1st.

### Illusory Script Human,Wizard 1

**School:** Illusion (ritual)  
**Components:** S, M (a lead based ink worth at least 10 gp, which the spell consumes)  
**Casting Time:** 1 minute  
**Range:** Touch  
**Duration:** 10 days

You write on parchment, paper, or some other suitable writing material and imbue it with a potent illusion that lasts for the duration.

To you and any creatures you designate when you cast the spell, the writing appears normal, written in your hand, and conveys whatever meaning you intended when you wrote the text. To all others, the writing appears as if it were written in an unknown or magical script that is unintelligible. Alternatively, you can cause the writing to appear to be an entirely different message, written in a different hand and language, though the language must be one you know.

Should the spell be dispelled, the original script and the illusion both disappear.

A creature with truesight can read the hidden message.

### Jump Human,Wizard 1

**School:** Transmutation  
**Components:** V, S, M (a grasshopper's hind leg)  
**Casting Time:** 1 action  
**Range:** Touch  
**Duration:** 1 minute

You touch a creature. The creature's jump distance is tripled until the spell ends.

### Magic Missile Human,Wizard 1

**School:** Evocation  
**Components:** V, S  
**Casting Time:** 1 action  
**Range:** 120 feet  
**Duration:** Instantaneous

You create three glowing darts of magical force. Each dart hits a creature of your choice that you can see within range. A dart deals 1d4 + 1 force damage to its target. The darts all strike simultaneously, and you can direct them to hit one creature or several.

**At Higher Levels.** When you cast this spell using a spell slot of 2nd level or higher, the spell creates one more dart for each slot level above 1st.

### Alter Self Human,Wizard 2

**School:** Transmutation  
**Components:** V, S  
**Casting Time:** 1 action  
**Range:** Self  
**Duration:** Concentration, up to 1 hour

You assume a different form. When you cast the spell, choose one of the following options, the effects of which last for the duration of the spell. While the spell lasts, you can end one option as an action to gain the benefits of a different one.

**Aquatic Adaptation.** You adapt your body to an aquatic environment, sprouting gills and growing webbing between your fingers. You can breathe underwater and gain a swimming speed equal to your walking speed.

**Change Appearance.** You transform your appearance. You decide what you look like, including your height, weight, facial features, sound of your voice, hair length, coloration, and distinguishing characteristics, if any. You can make yourself appear as a member of another race, though none of your statistics change. You also can't appear as a creature of a different size than you, and your basic shape stays the same; if you're bipedal, you can't use this spell to become quadrupedal, for instance. At any time for the duration of the spell, you can use your action to change your appearance in this way again.

**Natural Weapons.** You grow claws, fangs, spines, horns, or a different natural weapon of your choice.

Your unarmed strikes deal 1d6 bludgeoning, piercing, or slashing damage, as appropriate to the natural weapon you chose, and you are proficient with your unarmed strikes. Finally, the natural weapon is magic and you have a +1 bonus to the attack and damage rolls you make using it.

### Invisibility Human,Wizard 2

**School:** Illusion  
**Components:** V, S, M (an eyelash encased in gum arabic)  
**Casting Time:** 1 action  
**Range:** Touch  
**Duration:** Concentration, up to 1 hour

A creature you touch becomes invisible until the spell ends. Anything the target is wearing or carrying is invisible as long as it is on the target's person. The spell ends for a target that attacks or casts a spell.

**At Higher Levels.** When you cast this spell using a spell slot of 3rd level or higher, you can target one additional creature for each slot level above 2nd.

## Markus, Wizard 5 – Spells in Spellbook

### Knock

Human, Wizard 2

**School:** Transmutation  
**Components:** V  
**Casting Time:** 1 action  
**Range:** 60 feet  
**Duration:** Instantaneous

Choose an object that you can see within range. The object can be a door, a box, a chest, a set of manacles, a padlock, or another object that contains a mundane or magical means that prevents access.

A target that is held shut by a mundane lock or that is stuck or barred becomes unlocked, unstuck, or unbarred. If the object has multiple locks, only one of them is unlocked.

If you choose a target that is held shut with arcane lock, that spell is suppressed for 10 minutes, during which time the target can be opened and shut normally.

When you cast the spell, a loud knock, audible from as far away as 300 feet, emanates from the target object.

### Mirror Image

Human, Wizard 2

**School:** Illusion  
**Components:** V, S  
**Casting Time:** 1 action  
**Range:** Self  
**Duration:** 1 minute

Three illusory duplicates of yourself appear in your space. Until the spell ends, the duplicates move with you and mimic your actions, shifting position so it's impossible to track which image is real. You can use your action to dismiss the illusory duplicates.

Each time a creature targets you with an attack during the spell's duration, roll a d20 to determine whether the attack instead targets one of your duplicates.

If you have three duplicates, you must roll a 6 or higher to change the attack's target to a duplicate. With two duplicates, you must roll an 8 or higher. With one duplicate, you must roll an 11 or higher.

A duplicate's AC equals 10 + your Dexterity modifier. If an attack hits a duplicate, the duplicate is destroyed. A duplicate can be destroyed only by an attack that hits it. It ignores all other damage and effects. The spell ends when all three duplicates are destroyed.

A creature is unaffected by this spell if it can't see, if it relies on senses other than sight, such as blindsight, or if it can perceive illusions as false, as with truesight.

### See Invisibility

Human, Wizard 2

**School:** Divination  
**Components:** V, S, M (a pinch of talc and a small sprinkling of powdered silver)  
**Casting Time:** 1 action  
**Range:** Self  
**Duration:** 1 hour

For the duration, you see invisible creatures and objects as if they were visible, and you can see into the Ethereal Plane. Ethereal creatures and objects appear ghostly and translucent.

### Clairvoyance

Human, Wizard 3

**School:** Divination  
**Components:** V, S, M (a focus worth at least 100 gp, either a jeweled horn for hearing or a glass eye for seeing)  
**Casting Time:** 10 minutes  
**Range:** 1 mile  
**Duration:** Concentration, up to 10 minutes

You create an invisible sensor within range in a location familiar to you (a place you have visited or seen before) or in an obvious location that is unfamiliar to you (such as behind a door, around a corner, or in a grove of trees). The sensor remains in place for the duration, and it can't be attacked or otherwise interacted with.

When you cast the spell, you choose seeing or hearing. You can use the chosen sense through the sensor as if you were in its space. As your action, you can switch between seeing and hearing.

A creature that can see the sensor (such as a creature benefiting from see invisibility or truesight) sees a luminous, intangible orb about the size of your fist.

### Gaseous Form

Human, Wizard 3

**School:** Transmutation  
**Components:** V, S, M (a bit of gauze and a wisp of smoke)  
**Casting Time:** 1 action  
**Range:** Touch  
**Duration:** Concentration, up to 1 hour

You transform a willing creature you touch, along with everything it's wearing and carrying, into a misty cloud for the duration. The spell ends if the creature drops to 0 hit points. An incorporeal creature isn't affected.

While in this form, the target's only method of movement is a flying speed of 10 feet. The target can enter and occupy the space of another creature. The target has resistance to nonmagical damage, and it has advantage on Strength, Dexterity, and Constitution saving throws. The target can pass through small holes, narrow openings, and even mere cracks, though it treats liquids as though they were solid surfaces. The target can't fall and remains hovering in the air even when stunned or otherwise incapacitated.

While in the form of a misty cloud, the target can't talk or manipulate objects, and any objects it was carrying or holding can't be dropped, used, or otherwise interacted with. The target can't attack or cast spells.

**Major Image****Human, Wizard 3****School:** Illusion**Components:** V, S, M (a bit of fleece)**Casting Time:** 1 action**Range:** 120 feet**Duration:** Concentration, up to 10 minutes

You create the image of an object, a creature, or some other visible phenomenon that is no larger than a 20 foot cube. The image appears at a spot that you can see within range and lasts for the duration. It seems completely real, including sounds, smells, and temperature appropriate to the thing depicted. You can't create sufficient heat or cold to cause damage, a sound loud enough to deal thunder damage or deafen a creature, or a smell that might sicken a creature (like a troglodyte's stench).

As long as you are within range of the illusion, you can use your action to cause the image to move to any other spot within range. As the image changes location, you can alter its appearance so that its movements appear natural for the image. For example, if you create an image of a creature and move it, you can alter the image so that it appears to be walking. Similarly, you can cause the illusion to make different sounds at different times, even making it carry on a conversation, for example.

Physical interaction with the image reveals it to be an illusion, because things can pass through it. A creature that uses its action to examine the image can determine that it is an illusion with a successful Intelligence (Investigation) check against your spell save DC. If a creature discerns the illusion for what it is, the creature can see through the image, and its other sensory qualities become faint to the creature.

**At Higher Levels.** When you cast this spell using a spell slot of 6th level or higher, the spell lasts until dispelled, without requiring your concentration.

**Nondetection****Human, Wizard 3****School:** Abjuration**Components:** V, S, M (a pinch of diamond dust worth 25 gp sprinkled over the target, which the spell consumes)**Casting Time:** 1 action**Range:** Touch**Duration:** 8 hours

For the duration, you hide a target that you touch from divination magic. The target can be a willing creature or a place or an object no larger than 10 feet in any dimension. The target can't be targeted by any divination magic or perceived through magical scrying sensors.

**Sending****Human, Wizard 3****School:** Evocation**Components:** V, S, M (a short piece of fine copper wire)**Casting Time:** 1 action**Range:** Unlimited**Duration:** 1 round

You send a short message of twenty five words or less to a creature with which you are familiar. The creature hears the message in its mind, recognizes you as the sender if it knows you, and can answer in a like manner immediately. The spell enables creatures with Intelligence scores of at least 1 to understand the meaning of your message.

You can send the message across any distance and even to other planes of existence, but if the target is on a different plane than you, there is a 5 percent chance that the message doesn't arrive.
